
FDG: remaining regional real–synthetic uptake (part 2/2)
L paracentral
L pars opercularis
L pars orbitalis
L pars triangularis
L pericalcarine
L postcentral
L posterior cingulate
L precentral
L rostral ant. cingulate
L rostral middle frontal
L superior parietal
L superior temporal
L supramarginal
L transverse temporal
L insula
R bankssts
R caudal ant. cingulate
R caudal middle frontal
R cuneus
R entorhinal
R fusiform
R inferior parietal
R inferior temporal
R isthmus cingulate
R lateral occipital
R lateral orbitofrontal
R lingual
R medial orbitofrontal
R middle temporal
R parahippocampal
R paracentral
